

Friday A.M.

Hi Vicki & Jim,

Good to hear from you this morning honey - I brought some writing paper today so I could write to you! Sounds as if you've been pretty busy indeed since you got home - do they pay you overtime? With the hot weather you've been having maybe it's better to be at the office! Or do you have air conditioning at your apartment? probably you do -

Sure glad you weren't on that plane that crashed at Denver yesterday! But fortunately

No one was killed or injured seriously! What an experience, tho.

Edna and Marilyn stayed with us on wed. night after you left - also Jerry - So we had another good visit - In fact Ken and Debbie came out wed. evening too and we all visited out at Francis' for awhile - and Ken took pictures - Many, as a matter of fact, before he found out he wasn't taking any - So he put in another reel of film and took more. So one of these days we'll have some of them, I trust - I expect to pick up two reel of pictures we took at the picnic, etc, today so I hope there are some good ones - Dad goes in for another treatment on his neck today and

I'll go along I think - He's
feeling much better and
his checkups from the Dr.
was good on Tuesday - His
blood pressure was normal
again, etc. - But the neck
still bothers some - Hence
more treatment -

He's picking peaches today -
a few anyway - Sold all
he picked yesterday - about 6
bushels, probably - all that were
ripe enough. Our weather
hasn't been as summery as I'd
like to ripen them - I'm
glad you arrived home with
you're ok and are enjoying
them - Did you have quite a

struggle changing planes in Chicago
with them in one hand?? Good
luck to your little tree - Will bet
Jim was a trifle surprised at it!
And you must tell him how much
we appreciated your coming to
visit us and his willingness to
cook for himself, etc while you
were away - We had such a good
time too and a lot of visiting in
a short time -

Will check about "Charlie" but
didn't really notice it so far.
Write again soon - we love hearing

Much Love,

Mom & Dad
